MESSAGE FROM THE RECTOR

The Yangon University of Economics (YUEco) has a unique position in Myanmar as it is the Institute of higher learning for training professionals in the field of economics, accounting, commerce, statistics, and management. YUEco founded in 1964 is trying to provide the culture of excellence in every corner of our campuses.

YUEco offers a range of undergraduate, postgraduate, and research programmes covering business, economics, statistics, and social sciences. At present, we are offering 9 bachelor degrees, 8 master degrees (regular programme), 7 master degrees (professional programme), 10 diploma degrees, and 3 doctoral degrees. YUEco has nurtured more than 76,100 graduates who specialized in economics, statistics, and business studies. Our graduates have been very high appreciated in mid-and high managerial positions in government organizations, business organizations, and non-profit organizations.

Our programmes aim to produce dynamic business managers, administrators, statisticians, development agents who will be able to lead, foster creativity, and innovation, and to be effective decision makers in various environments and contexts. In order to do so, our programmes are designed to meet international academic standard as well as to cope with changing environment and needs in Myanmar. Through our well established academic and multi-disciplinary courses, we are dedicated to the goals of diversity and excellence in providing quality education.

In an era of globalization, localization, and information society, we would like to collaborate with global, regional, national, and local partners. We also want to work with our alumni, parents, and students for further development of our university.

We look forward to working with you.

Prof. Dr. Tin Tin Htwe
Rector
